Dear Mrs Murray:

Your letter of the 22nd of November has just put in an appearance. Not so bad when we remember that it takes two weeks some times to get a letter from Kobe and a week from Chemulno which is twenty six miles down the coast.

I am very glad to note that you have had a good trip and that you have been able to get some good things in the Turbulent Peking. I would very much like to take a trip to Peking and feel that I could pick up lots of things worth while. Some day when I get affairs in such shape here I am going to have a store in Peking and possibly one some where else.

I am sending enclosed a Copy of the History and Translation of the things that I sold to you. If this does not cover all please let me know and I'll be glad to be able to furnish any futher information or historical data that I have or can obtain. I have made it as short as possible as I thought it best this way rather than a lling drawn out

affair. Please write and let me know if this is satisfactory.  
I have sent it just as it was translated by the Koreans.

Recently the Household effects of Prince Min were placed on the market. I was able to get three of the most wonderful Pearl Inlay Chests that I have ever seen. One is a wonder. I dont know whether this sort of thing interests you but it is the best specimen of Korean work of this sort that I have ever had. The collection that I now have is most complete and really I think it worth your while. I have also bought some very pretty Blue & Whites. and I have my eye on several other things so altogether I think it would be worth your while to stop over for a day.

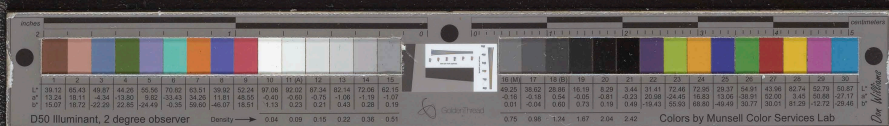

With very kindest regards to you all and trusting to meet you again and hoping to hear from you

I remain

Yours sincerely
